Lucas Morral
RPA ENGINEER

Lucas Morral, a resident of Buenos Aires, Argentina, is a Software Development professional specializing in RPA (Robotic Process Automation). Currently, he is employed at Team International, assigned to Verinext. In this role, Lucas not only leads automation projects but also actively contributes to development tasks. Prior to joining Verinext, Lucas gained valuable experience as an RPA Developer at Ataway SA, working with esteemed clients like Corning Inc. Furthermore, he had the opportunity to work with Banco Itau as part of the Operations & Efficiency team, continuously expanding his expertise in RPA and task automations. As a certified RPA Developer for Automation Anywhere, Lucas remains dedicated to leveraging his skills and knowledge in this field.
